

# The Siena School Educational Workshop Series

Saturday March 5, 2011

8:30 am—1:30 pm

## Adopted Children and Learning Differences: What to Know and What to Expect

A workshop for parents, students, teachers, administrators and professionals.

### Topics include:

- **A Developmental Overview** of adopted children and their milestones and key developmental and emotional stages
- **Adopted Children and Learning Differences**, including an overview of learning differences
- **School Curriculum** and its connection to Adoption and Learning Differences.
- **Q&A with a Panel of Students and Parents** about their experience with adoption and learning differences.

### Presenters:

**Debbie B. Riley, M.S.**, Chief Executive Officer, The Center for Adoption Support and Education (C.A.S.E.), specializes in treating the complexities of adoption and adolescence,

**William R. Stixrud, Ph.D.**, clinical neuropsychologist, is a frequent lecturer on topics related to neuropsychological assessment, learning and executive disorders, brain development, brain-based learning, motivation, and the effects of stress and sleep deprivation on the brain.
